INVITATION

The Romanian Modelling Federation, in collaboration with the Ministry of Education, invites you to participate in:

International Visual Art Contest "All sails up!", Romania, 15th-20th.August.2022

Have you ever drawn a picture of an ship and added some extra details? Maybe, you started drawing a sailing ship and ended up with a super-powered jet that could take you, your favorite pet, and your friends into to the middle of the sea. Maybe you mixed and matched, combining the best features of different types of ship to create something unique. Every great navigation idea starts in the imagination of a person who wants to see something new at sea. Drawing from navigation's past, these visionaries create navigation's future.

Today's ship are the work of hundreds, sometimes thousands, of people who turn ideas into ships that cross the seas and oceans of the world. Engineers put ideas onto paper. Manufacturers turn those drawings into real-life parts that get put together and become today's civilian ships, military ships, passenger ships, yachts. Each new version is improved for safety, fuel efficiency, or a thousand other major and minor changes that put smiles on the faces of sailors and passengers alike.

What is your perfect ship?

If you have ever looked up into the sea and thought, wouldn't it be great if...this art challenge is for you! Let your imagination soar and create a work of art that fits the theme, **"Design your perfect ship"** Grab your favorite pens, paints, or crayons and share your vision of the perfect ship. Your art today might become an inspiration for tomorrow's navigation reality.
